GAU: 1797

Examiner: CHIESA, RICHARD L.

SUPPLEMENTAL AMENDMENT

REMARKS

This supplemental amendment is made to correct the information disclosure statement filed with the response mailed Jan. 15, 2008. The information disclosure in the referenced response cited a Chinese patent, but the names of the inventors and publication date were omitted as they had not been translated, and the front page of the Chinese reference was not available. Accordingly, as this information is now available, Applicant submits herewith a corrected information disclosure statement with the names of the inventors and publication date of the Chinese reference that was cited in the information disclosure statement filed with the response mailed Jan. 23, 2008.
